

AGENDA

THE EXPERT TEAM FROM BRICKENDON WILL BE COVERING THE FOLLOWING. HOWEVER, IT IS AN INFORMAL DISCUSSION SO WE ARE KEEN TO LEARN ABOUT ANY SPECIFIC ISSUES YOU MAY BE HAVING.

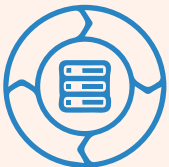

AI STRATEGY

*What is your organisation wanting to achieve?
A better service, reduced costs or more customers. Or all three. Why not?*

PEOPLE

*Is your organisation set up to benefit from AI or there blockers?
Skills – do you have the right people with the right skills to implement your strategy?*

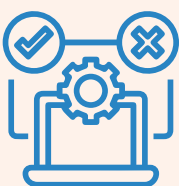

DATA

*How is your data organised?
Do you have enough to train your AI engine?
Can you source internally or do you need to go external
How to ensure the quality of your data*

AI GOVERNANCE

*How to manage and “control” AI
What is the process for ongoing changes, edits, decisions?*

TECHNOLOGY

*Infrastructure to set up your AI service
Choice of AI engine for your organisation and implementation
Vendor selection process
Testing and quality to control*

NEXT STEPS

If you'd like to join us for a session, just click on the button below to go back to the registration page and submit your details.
